COLLEGE OF ENGINEERING AND INFORMATION TECHNOLOGY

October 21, 2026

MS. ROSALIE A. PELLE
Head, Supply and Property Office
This University

Dear Ms. Pelle:

Warmest greetings!

We, fourth-year BSIT students at this college, are currently working on our capstone project titled "D'SAVE: The Development of a Digital Supplier Assessment, Validation, and Evaluation System for Administrative Services". Our study aims to replace manual paperwork with a web-based system connecting the Procurement Office, Supply and Property Office, and requesting departments to make recording purchases, tracking deliveries, and rating suppliers faster and easier.

In this regard, we respectfully request your approval to conduct a system evaluation of our web platform with your office. The evaluation will involve administrative personnel and staff to test the system's ease of use and practical workflow during daily receiving and inspection tasks. All data gathered will be kept strictly confidential and used solely for academic research and system improvement.

Thank you very much, and we look forward to your favorable response.

Sincerely yours,
